**Overview**

The incentive for the HVAC Company or Plumber is to help guide the Sales agent to promote propane to the customer when they are choosing a water heater. This program establishes an incentive for new energy-efficient propane appliances that are safely installed. Eligible new propane appliances: will replace an existing electric, fuel oil, natural gas or propane standard, tankless or power vent water heater with a new propane standard, tankless or power vent water heater; or are installed in new home construction; or are installed in new manufactured homes. The program will reimburse the customer and HVAC / Plumber for safe installation of approved energy-efficient propane appliances in the amounts listed below:

The customer will receive a rebate of:

- Standard Water Heater \$ 200.00 (This Program Starts 1/1/2020)
- Tankless Water Heater \$ 300.00 (This Program Starts 1/1/2020)
- Power Vent Water Heater \$ 300.00 (This Program Starts 1/1/2020)

**AND**

The HVAC / Plumber will receive an Incentive of:
